ROAD & RAIL SERVICES WOULD LIKE TO ANNOUNCE...

LOUISVILLE, KY — Road & Rail Services, Inc., a Louisville, Kentucky-based leading provider of rail related services in North America announces the following exciting changes within the team.

The appointment of Dennis Manns as their new Chief Commercial Officer (CCO). Manns will be responsible for leading Road & Rail Services' growth and continued success in the various segments of the company's commercial business. Manns will report to Kevin Brandon, President of Road & Rail Services. "We couldn't be happier to have Dennis join the Road & Rail Services family. Dennis' strategic outlook, vision, planning experience and commitment makes him a perfect fit to lead our commercial activities," said Brandon. Along with his strategic strengths, Dennis is well known in the automotive industry for his dedication and for achieving outstanding results, including a thirty-one-year career at American Honda in both sales and operations. Everyone at Road & Rail Services looks forward to this exciting new chapter.

Robert Sadler has accepted the position of Vice President of Customer Services at Road & Rail Services, Inc. Bob has 25 years of automotive operations and labor relations experience at various Origin Assembly Plants & Destination Distribution Centers across the United States. As stated by Company President, Kevin Brandon, "Bob's service as General Manager has contributed immeasurably to our automotive service design, planning, management, and growth." In his new role, Bob will continue to be a leader for us in automotive services, focusing on customer support, and exploring opportunities for continued growth. Bob will continue to manage with his traditional enthusiasm and expertise as we continue to partner with the manufacturers and railroads in our efforts to improve logistics to the industry.

Greg Miller has accepted the position of Vice President of Customer Service for Road & Rail Services, Inc. As stated by Company President, Kevin Brandon, "Greg's service as General Manager for Road & Rail Services is greatly appreciated and we all look forward to the challenges and opportunities in the future." Greg has been in the industry for over 40 years and his expertise in mechanical repair and automotive distribution has enabled us to implement some turnkey operations. This has proved invaluable to both the Class I Railroads, Coal/Phosphate, and Automotive Manufacturers to improve efficiency and cost saving measures. Greg will continue to develop this same philosophy as we partner with the railroads and manufacturers in our efforts to improve logistics to the industry.

Established in 1987, Road & Rail Services is a recognized industry leader and a top-tier provider of rail related services to railroads, to rail shippers, and to railcar owners. With a reputation for excellence, the Company provides service solutions with competencies in train operations (railcar switching and shortline operations), in maintenance operations (rolling stock, infrastructure, and track assets), and product handling. Road & Rail Services has operations in 18 states and has a significant impact on the North American rail network, as recognized by numerous industry awards. The Company enhances operating velocity and asset condition within the automotive, aggregate, coal / utility, intermodal, paper, and steel / metals industries.
