ROAD & RAIL SERVICES EARNS TWO PRESTIGIOUS AWARDS.

LOUISVILLE, KY — **Road & Rail Services, Inc.**, a Louisville-based logistics and transportation support company, was recently honored twice during this year’s Association of American Railroads’ Automotive Quality Excellence Awards. The company’s New Orleans Team, in conjunction for Norfolk Southern Railroad, received the award for Highest Quality Review Score for Destination Facilities, while its San Antonio Team, in association with the Union Pacific Railroad and Toyota Logistics, was recognized with the award for Highest Quality Review Score for Origin Facilities.

“We’re truly honored to have our teams at both the points of origin and destination recognized for their performance,” noted Tom Gerstle, CEO of Road & Rail Services and one of the company’s founders. “We see it as further evidence of our commitment to delivering the very best service in our industry, day in and day out. We’re very fortunate to have teams in the field with the experience, knowledge and dedication to quality that are necessary to earn this kind of recognition.”

Established in 1987, **Road & Rail Services** is a recognized top-tier provider of rail related services to railroads, rail shippers and owners of rail equipment. With a reputation for excellence, the Company provides **plant and terminal operating services** (including industrial switching and shortline operations) and **product handling services** (including vehicle processing, intermodal operations and bulk commodity transloading); as well as **maintenance services** (for railcars, track and other transportation assets). The Company has operations in 18 states and makes a significant impact on the North American rail network with core values that focus on safety and service quality.
