ROAD & RAIL SERVICES Receives AAR Automotive Quality Excellence Award

LOUISVILLE, KY – Road & Rail Services, Inc., a leading provider of third party logistics in North America, was recently honored with The Automotive Quality Excellence Award from the Association of American Railroads.

The award was presented to Road & Rail Services on July 9, 2019, during the Damage Prevention and Freight Claims Conference in Omaha, NE, and recognizes the Highest Quality Review Score for Origin Facilities of 99.75% for the San Antonio, TX location.

This marks the third consecutive year Road & Rail Services has been the recipient of this prestigious award.

Established in 1987, Road & Rail Services is a recognized industry leader and a top-tier provider of rail related services to railroads, to rail shippers, and to rail equipment owners. With a reputation for excellence, Road & Rail Services has operations in 18 states and has a significant impact on the North American rail network with services that enhance operating velocity and asset condition within the automotive, aggregate, coal / utility, chemical, agriculture, intermodal, paper, and metals industries.
