ROAD & RAIL SERVICES Receives AAR Automotive Quality Excellence Award

LOUISVILLE, KY — Road & Rail Services, Inc., a leading provider of third party logistics in North America, was recently honored with the Highest Quality Review Score for Origin Facilities from the Association of American Railroads. The Automotive Quality Excellence Award was presented to Road & Rail Services on July 10, 2018, during the Damage Prevention and Freight Claims Conference in Nashville, TN, and represents the successful partnership between Road & Rail Services and valued customer, Total Distribution Services, Inc.

The company's Talladega team is the recipient of this prestigious award in consecutive years, and is the only location ever to do so, with an aggregate scoring of 99.03%, and 99.72% in 2018 and 2017 respectively.

Established in 1987, Road & Rail Services is a recognized industry leader and a top-tier provider of rail related services to railroads, to rail shippers, and to rail equipment owners. With a reputation for excellence, Road & Rail Services has operations in 18 states and has a significant impact on the North American rail network with services that enhance operating velocity and asset condition within the automotive, aggregate, coal / utility, chemical, agriculture, intermodal, paper, and steel / metals industries.
