## **ROAD & RAIL SERVICES AWARDED TDSI CORE VALUES AWARD**

LOUISVILLE, KY — Road & Rail Services, Inc., a Louisville, Kentucky-based leading provider of rail related services in North America, was recently awarded the 2016 TDSI Core Values Award - “It Starts with the Customer” for service excellence at their Talladega, Alabama automotive facility. A CSX subsidiary, TDSI offers vehicle-handling services through a network of automobile-distribution facilities, storage locations and facilities providing service to Eastern, Gulf and Southeastern ports.

The Core Values Award was presented to Robert Sadler, Vice President of Customer Service and Lamario Merriwether, Terminal Manager for Road & Rail Services by Michael O’Brien, President and Scott Routzahn, Regional Operations Manager for TDSI. Upon presenting the award to Mr. Sadler, Mr. O’Brien congratulated and thanked the entire Road & Rail Services Talladega team for their dedication and commitment to the start-up and success of this new facility. “On behalf of the entire Road & Rail Services organization and especially our local Talladega team, we are very appreciative to receive this award and the recognition of our team’s overall performance,” said Mr. Sadler. Dennis Manns, Chief Commercial Officer, says, “The Road & Rail Services Talladega team continues to exhibit leading industry performance and provide excellent service. It is an honor to be recognized by TDSI for our excellent customer service at our Talladega automotive facility.”

Established in 1987, Road & Rail Services is a recognized industry leader and a top-tier provider of rail related services to railroads, to rail shippers, and to railcar owners. With a reputation for excellence, Road & Rail Services provides service solutions with competencies in train operations (railcar switching and shortline operations), in maintenance operations (rolling stock, infrastructure, and track assets), and product handling (in areas such as automotive origin plant operations and destination terminal operations, intermodal, and bulk commodities). Road & Rail Services has operations in 18 states and has a significant impact on the North American rail network, as recognized by numerous industry awards. Road & Rail Services enhances operating velocity and asset condition within the automotive, aggregate, coal / utility, intermodal, paper, and steel / metals industries.
