## **ROAD & RAIL SERVICES AWARDED TDSI PLATINUM ENVIRONMENTAL COMPLIANCE ASSURANCE PROGRAM AWARD**

LOUISVILLE, KY — Road & Rail Services, Inc., a Louisville, Kentucky-based leading provider of rail related services in North America, was recently awarded the 2016 TDSI Platinum Environmental Compliance Assurance Program Award for its Cementdale, Ohio location. A CSX subsidiary, TDSI offers vehicle-handling services through a network of automobile-distribution facilities, storage locations and facilities providing service to Eastern, Gulf and Southeastern ports.

The Platinum Environmental Compliance Assurance Program Award was presented to Robert Sadler, Vice President of Customer Service and Derek Carter, General Manager for Road & Rail Services by Michael O'Brien, President and Patrick Dean, Regional Operations Manager for TDSI. Upon presenting the award to Mr. Sadler, Mr. O'Brien congratulated and thanked the entire Road & Rail Services Cementdale team. Mr. Sadler stated, "Receiving this award is a great honor and is very much appreciated by the entire Road & Rail Services organization, especially by our local team. At Road & Rail Services, we place a great deal of time and effort to make sure we are sensitive to the environment at every facility and customer that we represent." Dennis Manns, Chief Commercial Officer, adds, "We strive to be a business partner and community partner that society wants to exist."

Established in 1987, Road & Rail Services is a recognized industry leader and a top-tier provider of rail related services to railroads, to rail shippers, and to railcar owners. With a reputation for excellence, Road & Rail Services provides service solutions with competencies in train operations (railcar switching and shortline operations), in maintenance operations (rolling stock, infrastructure, and track assets), and product handling (in areas such as automotive origin plant operations and destination terminal operations, intermodal, and bulk commodities). Road & Rail Services has operations in 18 states and has a significant impact on the North American rail network, as recognized by numerous industry awards. Road & Rail Services enhances operating velocity and asset condition within the automotive, aggregate, coal / utility, intermodal, paper, and steel / metals industries.
