## **ROAD & RAIL SERVICES RECEIVES PRESTIGIOUS AWARDS AT 2022 HONDA LOGISTICS CONFERENCE**

LOUISVILLE, KY – Road & Rail Services, LLC (R&RS), a leading provider of third party logistics solutions in North America, recently was recognized for several prestigious awards at the annual 2022 Honda Logistics Conference in Palos Verdes, CA.

The first of the two awards was the prestigious Processor of the Year at the Marysville, OH plant for outstanding quality, processing and services. The second award was a Special Recognition Award for accessory installation services at Lincoln, AL, which recognizes exemplary innovation and agility aligned with Honda's goals and vision. R&RS was also nominated for a supplier Challenging Spirit Award, which is presented to suppliers in recognition of support and performance exceeding Honda's expectations. Accepting the awards on R&RS' behalf at Honda's annual award celebration were Kevin Brandon, Executive Vice President, and Bob Sadler, Chief Operating Officer.

Mr. Sadler stated that "R&RS is honored to be recognized twice by Honda for safety, performance excellence and for the quality that everyone strives to provide our customers on a daily basis. The R&RS and Honda partnership spans 14 years, and we are proud to be recognized for that service commitment and performance."

"We are honored once again to have our team recognized for their superior quality, service and performance by Honda," noted Bob Coleman, President of Road & Rail Services. "We know we have the best field operations teams in the industry, and we see these awards as further evidence of our commitment to delivering the best service, day in and day out. We're very fortunate to have teams in the field with the experience, knowledge, dedication to quality and willingness to 'go the extra mile' for our customers, which are necessary to earn this recognition."

Established in 1987, Road & Rail Services is a recognized industry leader and a top-tier provider of solutions to railroads, rail shippers, and to rail equipment owners. With a reputation for excellence, Road & Rail Services has operations in 19 states, and has a significant impact on the North American rail network with services that enhance operating velocity and asset utilization and condition within the automotive, aggregate, fertilizer, agriculture, chemicals, coal/utility, intermodal, paper, and steel/metals industries.
